

CMPT 320: Implications of a Computerized Society

Final Exam, Part I

Simon Fraser University

Fall 2018

Instructor: Oliver Schulte

Student Name:

---

Student Number:

---

*Instructions:* Answer all questions. The exam consists of 6 pages. You can earn a total of 56 points in this part of the exam. I indicate the worth of each question, which is also roughly the number of minutes that I expect you to spend on a given question. You should answer the questions in the space provided. If necessary, you may continue your answer on the back of the question sheet. Presentation (spelling, grammar) counts in evaluating your answer. If you are showing both your work and the answer, indicate clearly which part of what you have written is the answer to the question. The exam is closed-book, but you may use 1 (one) 8.5 x 11 sheet of notes for reference (both sides). **Write down your name and student number**, on this sheet and on the multiple choice answer sheet.

Part 1: Multiple Choice/Short Answer/Matching Questions. These questions focus on the material in the second part of the course following the midterm.

For multiple-choice questions, if you think that more than one answer is possible, you should **choose the best one**.

### Grading Breakdown.

Section	Your Mark	Total Possible
<b>Part I</b>		
Life in the Digital Age		10
Impact of Computers on the Workplace		18
Impact of Computers on the Economy		14
Computer Crime		14
<b>Part II</b>		
Discussion Question		20
Discussion Question		20
Total Sum		96
