

CMPT 320: Implications of a Computerized Society

Final Exam, Part I

Simon Fraser University

Spring 2022

Instructor: Oliver Schulte

Student Name:

Student Number:

Instructions: Answer all questions. The exam consists of 10 pages. You can earn a total of 50 points in this part of the exam. I indicate the worth of each question, which is also roughly the number of minutes that I expect you to spend on a given question. You should answer the questions in the space provided. If necessary, you may continue your answer on the back of the question sheet. Presentation (spelling, grammar) counts in evaluating your answer. If you are showing both your work and the answer, indicate clearly which part of what you have written is the answer to the question. The exam is closed-book, but you may use 1 (one) 8.5 x 11 sheet of notes for reference (both sides). **Write down your name and student number**, on this sheet and on the multiple choice answer sheet.

For multiple-choice questions, if you think that more than one answer is possible, you should **choose the best one**.

Grading Breakdown.

Section	Your Mark	Total Possible
Impact of Computers on the Workplace		10
Impact of Computers on the Economy		17
Computer Crime		11
Computer Errors		12
Total Sum		50
