

CMPT 728 Deep Learning

School of Computing Science

Simon Fraser University

Instructor : Oliver Schulte

Assignment 4:

This assignment consists of two parts : conceptual exercises + a project.

You should submit a assignment4.zip package including:

- Answers to the conceptual exercises part in *.PDF* version,
- Your code of project part in both *.PDF* (or *.html*) and *.ipynb* (jupyter notebook) version.

A. Conceptual Exercises (50 points)

Exercise numbers refer to the textbook (Introduction to Deep Learning).

1. Answer Exercise 7.2 (25 points)
2. Answer Exercise 7.6 (25 points)

B. Project Part (100 points)

Please see the *assignment4_proj.pdf* and *assignment4_proj.ipynb* files.
