Project Proposal

Next week…

- Feb 16th
- Accept/reject decision
- Rejected proposals need to be amended and accepted by Feb 23rd
- Failure to get a project accepted → Zero-grade Project

- **Reminder:** Reading break starts on Feb 21st!

Project Proposal

- The Contract

Project Proposal (2—4 pages)

- **Group members** and **Project title**
- **Problem** definition
  - Objective
  - Scope
  - Importance
  - Challenges
- Initial **idea/solution** (or at least the approach)
  - Precisely describe the **outcome** (e.g., software artifacts).
- How you're going to **implement** your solution
- Tech. stack: potential **libraries** and **software** to be used
- Detailed **evaluation** plan (e.g., setup, datasets, VMs, etc.)
- High-level **plan** (timeline, task breakdown, task assignment)
